

## Purpose

When an employee submits a time off request, admins review and action it from the Time Off panel. Approving deducts days from the employee's balance and triggers an email notification via Asana.

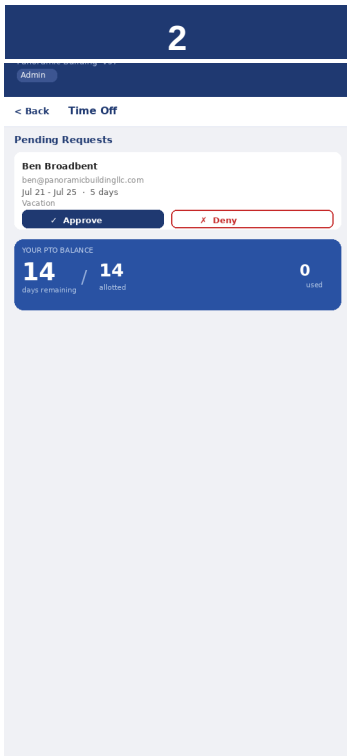

## Steps

1

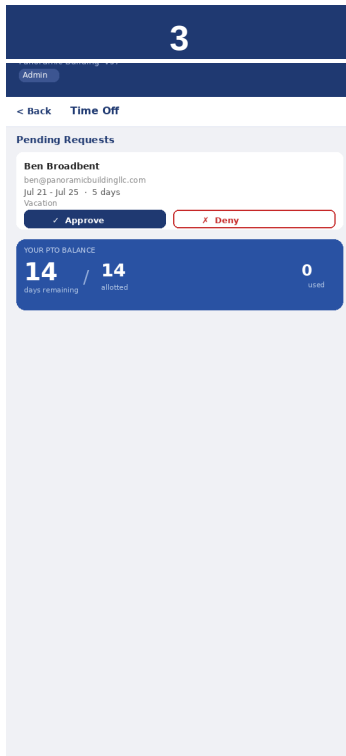

**Open Other, Tap Time Off**  
Tap Other tab → Time Off tile

2

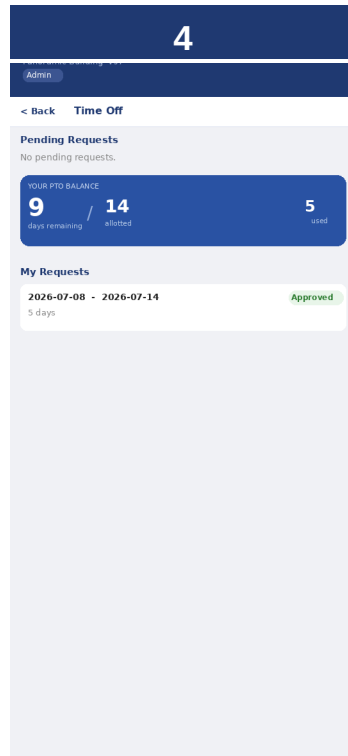

**Review Pending Requests**  
Pending queue shows at top for admins

3

**Tap Approve or Deny**  
Blue = approve, red outline = deny

4

**Balance Updates Instantly**  
Days deducted automatically on approval

## What Happens When You Approve or Deny

| Action            | What Happens                                                                              |
|-------------------|-------------------------------------------------------------------------------------------|
| Approve           | Days deducted from employee balance; task moves to Approved in Asana; employee gets email |
| Deny              | Balance unchanged; task moves to Denied in Asana; employee gets email                     |
| Half day approved | 0.5 days deducted from employee balance                                                   |
| After actioning   | Request disappears from Pending queue; visible in employee's My Requests                  |
