

Purpose

Every time materials are received or picked up, log the PO in the app with photos of the vendor's delivery paperwork and the material drop location on site.

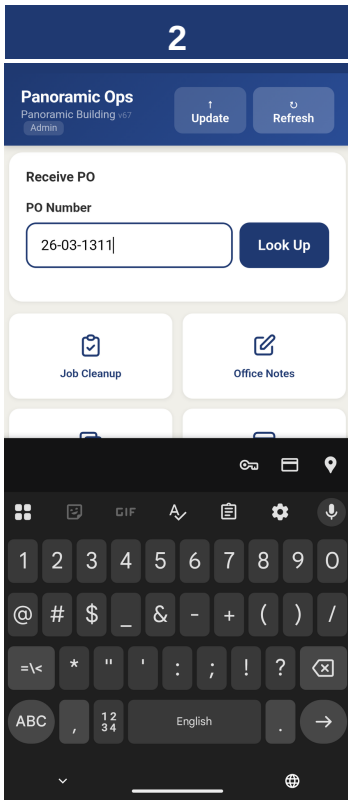

Steps

1

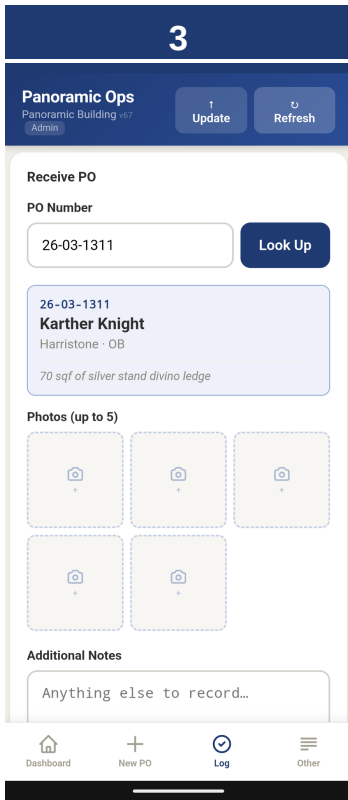

Open App & Tap Log
Tap Log at the bottom

2

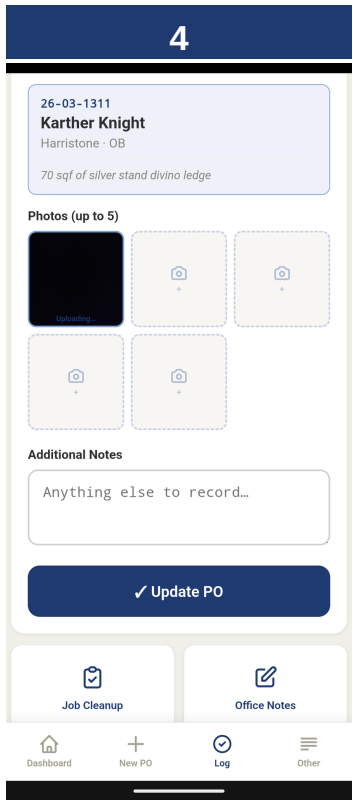

Enter PO Number
Type PO #, tap Look Up

3

Take Photos
Receipt + drop location

4

Tap Update PO
Photos saved to the record

What to Photograph

Photo	What It Is	Tips
Delivery Receipt / Packing Slip	The paper the vendor hands you — lists what was delivered	Lay it flat, all 4 corners in frame, text readable
Material Drop Location	Where the material is sitting on the job site	Step back to show the full pallet/stack and surroundings
Damage (if any)	Broken, short-shipped, or wrong items	Close-up of damage + wide shot of quantity affected
